

Follow these steps when applying Z1 no snag tags™

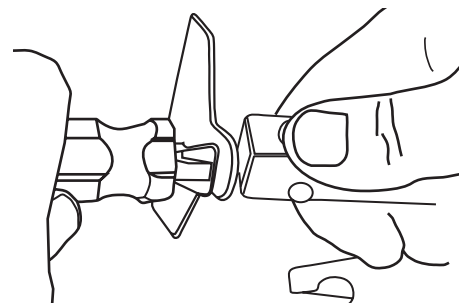

Knowing your Z1 no snag tagger™

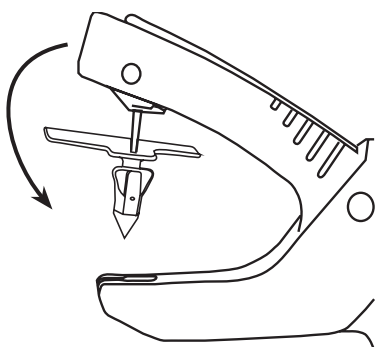

Applying Z1 no snag tags™

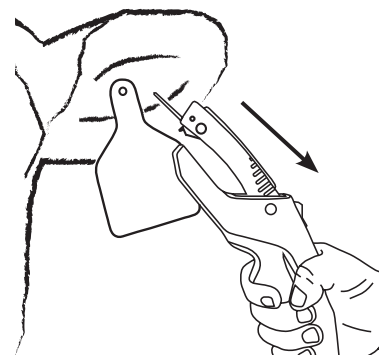

- 1** Flip tagger pin up.
Then insert the tag into the tag loader and push the pin into the head of the tag as shown.

- 2** Lift the loader in an upward arc while pushing towards the tagger.

- 3** Flip tagger pin down into tagging position.
Now the tag is ready to apply.

- 4** Remove the tagger without opening handles, pulling tagger away from the animal's ear in one smooth motion.
